

Arctic Shield 360° Winter Jacket Documentation

Introduction

The Arctic Shield 360° Winter Jacket is engineered for extreme cold weather conditions, offering unparalleled protection across various climates. Its design integrates advanced materials and technology to ensure warmth, comfort, and durability.

Product Features

- **Materials:** The outer layer is crafted from a waterproof and windproof polyester blend. The inner layer features a soft fleece lining combined with a spandex mix for enhanced mobility.
- **Temperature Rating:** Tested to provide warmth in temperatures as low as -20°C (-4°F).
- **Adjustable Components:** Includes adjustable hood, cuffs, and hem to trap heat and prevent cold air.
- **Pockets:** Multiple strategically-placed pockets, including internal media and glove compartments.

Sizing Information

- **Sizes Available:** XS, S, M, L, XL, XXL.
- **Size Chart:**
 - Medium: Chest 40", Waist 34", Sleeve Length 25".

Care Instructions

- Hand wash in cold water with mild detergent.
- Do not bleach, iron, or use fabric softeners.
- Hang to dry away from direct sunlight.

Usage Instructions

- **Wearing the Jacket:** Fasten all zippers and adjust the hood and cuffs to your fit preference.

- **Layering Tips:** Suitable for layering with thermal base garments for extra warmth.

Warranty Information

- This product comes with a one-year limited warranty covering manufacturing defects.
- For issues or warranty claims, contact our support team within the warranty period.

Common Troubleshooting

- **Broken Zipper:** Returns or exchanges can be initiated through our website or customer service. Follow prompts for defective products.
- **Incorrect Sizing:** Refer to our fitting guide and contact support for exchanges.
