- **Speed Settings:** Five-speed options for versatile blending
- **Pulse Function:** Yes, for short bursts of power
- **Jar Capacity:** 2 liters
- **Blade Material:** Premium Stainless Steel
- **Dishwasher Safe Parts:** Jar, lid, and blades
- **Power Compatibility:** 110V and 220V

Assembly and Initial Setup

Box Contents

1. BlendMaster 4000 Base
2. 2-Liter Blending Jar
3. Stainless Steel Blade Assembly
4. Secure-Fit Lid with Pouring Spout
5. User Manual

Assembly Steps

1. **Place the base** on a flat, stable surface.

2. **Attach the blade assembly** securely to the bottom of the blending jar.
3. **Position the jar** onto the base, aligning the grooves, and twist clockwise until firmly locked.
4. **Secure the lid** onto the jar, ensuring the pouring spout is closed.

Initial Setup

- Connect the power cord to the appropriate outlet.
- Before first use, wash all removable parts with warm, soapy water.

Usage Instructions

Speed Settings

1. **Low Speed (1-2):** Ideal for mixing liquids, sauces, and soft fruits.
2. **Medium Speed (3):** Suitable for creaming soups and sauces.
3. **High Speed (4-5):** Perfect for crushing ice or blending frozen ingredients.

Pulse Function

- Use the Pulse Function for quick bursts of power for chopping nuts or making chunky salsa.

Care and Maintenance

Cleaning

- **Disassemble parts:** Remove the jar, lid, and blades.
- **Dishwasher Safe:** Place these parts in the dishwasher for easy cleaning (top rack recommended).
- **Manual Cleaning:** Alternatively, wash the parts with warm, soapy water.

- **Base Wipe Down:** Unplug the base and wipe with a damp cloth.

Maintenance

- Regularly check the blade assembly for signs of wear and replace if necessary.

Troubleshooting Guide

Common Issues

1. **Blender Not Starting:**
2. Ensure the jar is properly aligned and locked onto the base.
3. Verify the power connection.
4. **Inconsistent Blending:**
5. Check the speed setting; adjust according to ingredient type.
6. **Pulse Function Not Working:**
7. Ensure the lid is securely locked.
8. Press the button firmly until the desired consistency is reached.

Warranty and Support

The BlendMaster 4000 comes with a 3-year warranty covering defects or issues with the motor and blades. For support, contact our customer service team at support@blendmaster.com.
