Troubleshooting

- **Blender does not power on:**
 - Check the power connection and try a different outlet.
 - Verify the jar is properly seated on the base.
- **Unusual noise/vibration:**
 - Ensure ingredients are not overfilled.
 - Check for misalignment of the jar.
- **Ineffective blending:**
 - Use the pulse setting for larger chunks.
 - Ensure blades are clean and sharp.

Maintenance

- **Regular Cleaning:** After each use, clean the jar and blades to prevent residue buildup.
- **Blade Check:** Periodically inspect the blades for wear and replace if necessary.
- **Storage:** Store in a dry place with the lid off to prevent odors.
