1. Product Overview

The BrewMaster 4000 is a state-of-the-art coffee maker designed for both casual coffee drinkers and connoisseurs. Combining advanced brewing technology with user-friendly features, it offers the perfect blend of taste and convenience.

2. Features

- **Programmable Settings:** Schedule your brew up to 24 hours in advance.
- **Adjustable Brew Strength:** Select your desired coffee intensity.
- **Built-in Grinder:** Enjoy fresh ground coffee with three settings: coarse, medium, fine.
- **Thermal Carafe:** Keep your coffee hot without a heating plate.
- **Smart App Integration:** Control your coffee maker via smartphone.
- **Auto Shut-off:** Enhance safety with automatic power down after brewing.
- **Energy-Saving Mode:** Reduce power consumption when not in use.

3. Initial Setup

1. Unbox the BrewMaster 4000 and place it on a stable, dry surface.
2. Plug the unit into a standard wall outlet.
3. Rinse the carafe, basket, and filter.
4. Fill the water reservoir with fresh, cold water.
5. Follow the on-screen guide to complete the initial settings.

4. Brewing Your Perfect Coffee

1. Add coffee beans to the grinder compartment.
2. Adjust the grinder setting as preferred.
3. Select the desired brew strength on the control panel.
4. Press 'Start' or use the app to begin brewing.
5. Enjoy your freshly brewed coffee.

5. Cleaning and Maintenance

- **Daily:** Empty the used grounds and rinse the carafe.
- **Weekly:** Clean the grinder and filter basket with warm soapy water.
- **Monthly:** Run a descaling cycle using a commercial descaler.

6. Warranty Information

The BrewMaster 4000 comes with a 1-year warranty, covering parts and labor for manufacturing defects. Service is available via authorized centers.

7. Troubleshooting

- **No Power:** Check the outlet and plug connection.
- **Brewing Issues:** Ensure water reservoir is filled and components are correctly placed.
- **Grinder Malfunction:** Clean the grinder housing and ensure it's dry before use.

8. Safety Instructions

- Avoid contact with hot surfaces.
- Do not immerse the unit in water.
- Keep out of reach of children.
