

BrightBeam SL600 Smart Light Bulb Documentation

Introduction

Welcome to the BrightBeam SL600 Smart Light Bulb. This innovative bulb is designed to enhance your home lighting experience with customizable illumination and seamless integration with smart home platforms. Ideal for any room, the SL600 allows you to control lighting through your smartphone or by using voice commands.

Product Overview

The BrightBeam SL600 offers energy-efficient LED lighting with a plethora of color options and intensities. Effortlessly connect your bulb to home networks for remote control, schedule setting, and smart home ecosystem compatibility.

Key Features

- **Color Variety:** Choose from over 16 million colors.
- **Dimming Capability:** Adjust brightness to your preference.
- **Voice Assistant Compatibility:** Works with Google Home and Amazon Alexa.
- **Energy Efficient:** Long lifespan and low electricity consumption.

Technical Specifications

- **Power Supply:** 9.5W
- **Wireless Protocol:** 2.4 GHz WiFi
- **App Requirement:** BrightBeam App for iOS and Android.

- **Compatibility:** Google Home, Amazon Alexa
- **Dimensions:** 60 x 122 mm

Installation Guide

Physical Installation

1. Ensure the power is off in the fixture.
2. Screw the SL600 into the fixture.
3. Turn on the light switch to power the bulb.

App Setup

1. Download the BrightBeam App from the Apple App Store or Google Play Store.
2. Create or log into your BrightBeam account.
3. Follow the in-app instructions to add a new device.

Connecting to Wi-Fi

1. Ensure your mobile device is connected to a 2.4 GHz WiFi network.
2. Open the BrightBeam App and select 'Add Device.'
3. Enter your WiFi password when prompted and initiate the connection.
4. If pairing fails, reset the bulb by turning it off for 10 seconds, then on again.

Using the App

- **Firmware Updates:** Navigate to 'Settings' to check for updates.
- **Lighting Control:** Adjust brightness, color, and schedules in the 'Control' tab.
- **Group Management:** Use the app to control multiple bulbs simultaneously.

Voice Control Integration

Google Home

1. Open the Google Home App and navigate to 'Add Device.'
2. Select 'Works with Google' and search for 'BrightBeam.'
3. Link your BrightBeam account and follow prompt instructions.

Amazon Alexa

1. Open the Alexa App and go to 'Skills & Games.'
2. Search for 'BrightBeam' and enable the skill.
3. Link accounts and discover devices.

Troubleshooting Common Issues

- **Failed Connectivity:** Confirm you're on a 2.4GHz network.
- **App Crashes:** Ensure your app is updated to the latest version.
- **Firmware Not Updating:** Restart the bulb and the app, then attempt the update again.

FAQs

- **What routers are compatible?** The SL600 works with 2.4 GHz routers.
- **What is the bulb lifespan?** Approximately 25,000 hours.
- **Does it work outdoors?** Indoor use only is recommended.

Support and Warranty Information

For additional help, contact BrightBeam Support via email at support@brightbeam.com or call 1-800-555-0199. The SL600 comes with a 2-year warranty from the original purchase date.

Safety and Maintenance

- **Avoid Exposure to Water:** Do not use in damp environments.
- **Cleaning:** Disconnect from the power source before cleaning and use a soft, dry cloth.

Thank you for choosing BrightBeam! We hope you enjoy your new smart lighting experience.
