Troubleshooting Guide

1. **Software Update Issues:** If you encounter update errors, try:
 2. Reconnecting to a stable internet network.
 3. Checking date and time settings.
 4. Resetting update components through the command prompt.
5. **Application Crashes:** Resolve by:
 6. Ensuring the application is up to date.
 7. Reinstalling the application if updates do not solve the issue.
8. **Slow Performance:** Improve speed by:
 9. Closing unnecessary background applications using Task Manager.
 10. Performing regular disk cleanups.

Maintenance and Care

- **Physical Cleaning:** Use a soft, dry cloth to clean the screen and keyboard. Avoid using liquids.
- **Software Maintenance:** Regularly check for updates and scan for malware using built-in security tools.

FAQs

- **Can I upgrade the RAM or SSD?** Yes, both RAM and SSD are upgradeable. Refer to the technical manual for detailed instructions.
- **How do I contact support?** Visit our website or call our support hotline provided in the warranty card.

Warranty and Support

The BrownBox HyperFlex Pro comes with a one-year limited warranty covering hardware defects. For extended coverage, additional plans are available for purchase. Our dedicated support team is ready to assist you with any product inquiries or issues you may encounter.
