Troubleshooting

Tablet Not Powering On

- Ensure the device is charged.
- Hold the power button for 30 seconds.
- Contact support if the issue persists.

Screen Flickering

- Restart the device.
- Adjust brightness settings under 'Display'.
- Consider a factory reset if unresolved.

App Crashes

- Check for and install app updates.
- Restart the Tab Pro.

Tips for Optimal Use

- Regularly update the OS to enhance security and features.
- Use a protective case to safeguard against drops.

Software Updates

Stay informed of new updates by enabling automatic updates under 'Settings' > 'Software Update'.
