

EcoCamp Dome User Manual

Introduction

Welcome to the EcoCamp Dome tent, your ideal companion for outdoor adventures. Designed to provide comfort and protection, this tent is perfect for family camping trips or solo expeditions. Its lightweight yet durable structure ensures ease of use while maintaining shelter integrity.

Features and Specifications

- **Capacity:** Comfortably sleeps up to four people.
- **Material:** Crafted from high-grade waterproof polyester.
- **Dimensions:** 8 feet by 10 feet base area.
- **Weight:** Lightweight at just 7 pounds.
- **Waterproof Rating:** Offers a PU2000mm waterproof rating to withstand moderate rain.
- **Design:** Dual-layer construction enhances ventilation while protecting from the elements.
- **Ventilation:** Integrated mesh panels and adjustable vents reduce condensation.
- **Included Accessories:** Comes with durable ground stakes, a built-in LED light, and a convenient carry bag.

Assembly Instructions

1. **Prepare the Site:** Choose a flat, dry area and clear debris.
2. **Unpack the Tent:** Lay out all components and refer to Diagram 1 for parts identification.
3. **Stake the Base:** Use the included stakes to secure the tent's base corners.
4. **Assemble the Frame:** Connect the poles as shown in Diagram 2, then insert them into the tent sleeves.
5. **Raise the Tent:** Push the assembled frame upright, securing it with clips and tension straps.

6. **Final Adjustments:** Tighten all guy lines and ensure the tent is taut.

Maintenance and Care

- **Cleaning:** Use a mild soap solution and a soft cloth to clean spots. Rinse thoroughly and dry before storage.
- **Storage:** Ensure the tent is dry before packing to prevent mold. Store in a cool, dry place.
- **Inspection:** Regularly check for tears or loose seams and repair as needed.

Troubleshooting

- **Condensation Inside:** Make use of the ventilation flaps and open mesh panels to improve airflow.
- **Zipper Issues:** Clear any debris and apply zipper lubricant if needed.

Frequently Asked Questions

- **Can the tent be set up alone?** Yes, but we recommend two people for ease.
- **Is the tent suitable for winter camping?** The tent is best for spring to autumn use due to its ventilation design.
- **Are replacement parts available?** Yes, contact customer service for assistance.

Warranty and Support

The EcoCamp Dome tent includes a 1-year warranty covering manufacturing defects. Visit our website or contact us at support@campgear.com for assistance.
