

EcoChill Pro 5000 Refrigerator Documentation

Product Overview

Welcome to the EcoChill Pro 5000, the pinnacle of modern refrigeration technology. Designed with energy efficiency and user convenience at its core, the EcoChill Pro 5000 is your perfect kitchen companion. Featuring A+++ energy rating, smart home integration, and advanced cooling technology, it combines functionality with elegance.

Specifications

- **Model:** EcoChill Pro 5000
- **Dimensions:** 70x35x32 inches
- **Capacity:** 500 Liters
- **Energy Rating:** A+++
- **Inverter Compatibility:** Yes (600 watts recommended)
- **Noise Level:** 35 dB
- **Material:** Stainless Steel Finish
- **Color Options:** Silver, Matte Black, Frost White

Installation Guide

Ensure your refrigerator is placed on a flat, stable surface. Leave at least 2 inches of space on each side for proper ventilation. Connect to a grounded electrical outlet and ensure your inverter system is set to at least 600 watts if off-grid. Follow the provided diagrams for a step-by-step setup.

Operating Instructions

To operate your EcoChill Pro 5000: 1. **Power On:** Plug in the unit and press the power button on the control panel. 2. **Temperature Settings:** Use the digital display to set the desired temperature. 3. **Smart Features:** Connect to your home network using the EcoChill

app for remote monitoring and control. 4. **Fast Freeze:** Activate via the dedicated button for rapid cooling.

Maintenance and Care

Routine care will prolong the life of your refrigerator: - **Cleaning:** Wipe the interior and exterior with a mild detergent. Avoid abrasive cleaners. - **Defrosting:** Use the defrost mode every three months, or as needed. - **Filter Replacement:** Check and replace water filters every six months.

Troubleshooting Guide

- **Not Cooling:** Ensure the door is closing properly and check the temperature settings.
- **Noise Issues:** Confirm the fridge is level and not touching other surfaces.
- **Error Codes:** Refer to the code guide in your manual for specific errors.

Warranty and Support Information

The EcoChill Pro 5000 comes with a comprehensive warranty covering parts and labor for one year, and the compressor for five years. For service, contact our support at 1-800-555-0199 or support@ecochill.com.

FAQs

- **Is it compatible with solar systems?** Yes, provided the inverter is rated at 600 watts or higher.
- **What's the energy consumption?** Approximately 200 kWh per year.
- **Does it come with a delivery and installation package?** Yes, please inquire during purchase for details.

For additional assistance, consult the detailed user manual that accompanies your EcoChill Pro 5000 or visit our website at www.ecochillpro.com.
