

EcoSmart LightPlus Bulb Documentation

Introduction

Welcome to the world of smart lighting with the EcoSmart LightPlus Bulb. Designed for energy efficiency and versatility, our smart bulb can transform your home with customizable lighting that suits your every need.

Features

- **Energy Efficiency:** Save up to 75% on energy compared to traditional bulbs.
- **Adjustable Brightness:** Easily modify brightness levels via the EcoSmart app or compatible voice assistants.
- **Color Customization:** Choose from millions of colors to match your mood or decor.
- **Scheduling:** Set timers and schedules to automate your lighting.
- **Voice Control:** Compatible with Alexa, Google Assistant, and more.

Specifications

- **Wattage:** 9W
- **Lumens:** 800
- **Wi-Fi Compatibility:** 2.4 GHz
- **App Compatibility:** Available on iOS and Android

Setup and Installation

1. **Download the App:** Obtain the 'EcoSmart Home' app from your device's app store.
2. **Create an Account:** Sign up using your email or connect with a social media account.
3. **Power On:** Install your EcoSmart LightPlus Bulb in a standard socket and switch it on.

4. **Connect the Bulb:**
5. Open the app and tap 'Add Device.'
6. Ensure your phone is connected to a 2.4 GHz Wi-Fi network.
7. Follow the on-screen prompts to pair the bulb.

Using the EcoSmart App

- **Controlling the Bulb:** Access lighting settings directly from the app.
- **Adjusting Brightness and Color:** Use the sliders to find the perfect light.
- **Voice Integration:** Link your bulb with Alexa or Google Assistant to enable voice commands.

Troubleshooting

Common Issues

- **Bulb Won't Connect to Wi-Fi:**
 - Ensure the bulb and phone are on the same 2.4 GHz network.
 - Reset the bulb by turning it off and on three times and retry.
 - Reset your router if the problem persists.
- **Unresponsive Bulb:**
 - Check the power source.
 - Reboot the bulb and ensure it's within range of the router.
- **App Issues:**
 - Ensure the app is updated to the latest version.

Maintenance

- **Firmware Updates:** Regularly check for updates within the app to ensure optimal performance.
- **Cleaning:** Use a dry cloth to clean the bulb. Avoid using water or cleaning agents.

Safety Information

- Operate in dry environments.
- Do not exceed the recommended wattage.
