

ElegantTime Serenity Wall Clock

Documentation

Product Overview

The ElegantTime Serenity Wall Clock combines timeless elegance with modern functionality. Designed to complement any home decor style, it features a sleek frame and a silent sweep mechanism for accurate and quiet timekeeping.

Features

- **Material:** High-quality brushed metal with anti-rust coating.
- **Dimensions:** 12-inch diameter and 1.5-inch depth.
- **Design:** Minimalist face with luminescent hands and hour markers.
- **Mechanism:** Silent sweep quartz movement for precise timekeeping.
- **Battery:** Requires one AA battery (not included).

Installation Guide

1. **Select the Location:** Choose a spot that's easily visible and away from moisture.
2. **Prepare the Wall:**
 3. Use a stud finder to find a secure spot.
 4. Mark with a pencil.
5. **Hanging the Clock:**
 6. Drive a screw or nail at the marked spot.
 7. Hang the clock using the built-in wall hook.
8. **Adjusting the Time:**
 9. Use the knob on the back of the clock to set the time accurately.

Maintenance and Care

- Dust regularly with a soft cloth.

- Avoid moisture or direct sunlight to prevent damage.
- Change the battery every 6 to 12 months to ensure accuracy.

Troubleshooting

- **Hands Not Moving:** Verify the battery placement and replace it if necessary.
- **Clock Not Keeping Time:** Adjust the hands to a quarter past the correct time and let them run for 1 hour to recalibrate.
- **Unusual Noises:** Ensure the clock is correctly hung and not touching other surfaces.
