

ErgoLux Executive Desk Chair

Documentation

Product Overview

Welcome to your new ErgoLux Executive Desk Chair! Designed for optimal comfort and productivity, this chair features an ergonomic design to support you through long hours at work or home. Key highlights include customizable adjustments, superior lumbar support, and a sleek, modern aesthetic to fit any office setting.

Assembly Instructions

Your ErgoLux Executive Desk Chair is designed for easy assembly. Follow these steps:

- 1. Unpack Components:**
2. Ensure all parts are included: base, seat, backrest, wheels, gas lift, armrests, screws, Allen key.
- 3. Attach the Wheels:**
4. Insert the wheels into the base by pressing firmly until they click into place.
- 5. Install the Gas Lift:**
6. Place the gas lift into the center of the base, then cover it with the telescoping sleeve.
- 7. Connect the Seat and Backrest:**
8. Align the backrest with the seat bracket and secure using the screws and Allen key provided.
- 9. Attach Armrests:**
10. Secure each armrest on either side of the seat using the screws.

11. **Secure the Seat to the Base:**

12. Place the seat on top of the gas lift rod, ensuring it's securely fitted.

Verify all components are tightly fastened and the chair is stable before use.

Features and Adjustments

Adjustable Height: - Utilize the lever beneath the seat to adjust the chair height between 18" and 23".

Lumbar Support: - Adjust the lumbar support knob on the backrest for optimal lower back comfort.

Tilt Mechanism: - Pull the lever to unlock tilt, allowing for a recline up to 30 degrees.

Adjustable Armrests: - Modify the armrest height and angle to suit your comfort preferences.

Maintenance and Care

Cleaning: - Use a damp cloth with mild soap to clean the mesh and fabric. Avoid harsh chemicals.

Tightening Screws: - Regularly check and tighten screws to ensure safety and stability.

Warranty Information

- **Coverage:** 2-year warranty against manufacturing defects.
- **Claims:** Keep your purchase receipt. Contact customer support with your receipt for service.

Troubleshooting

- **Squeaky Wheels:**
 - Apply lubricant spray to axles if you encounter any noise.

- **Adjustment Issues:**

- Ensure locking mechanisms are disengaged when adjusting components.

Customer Support

- **Contact:**

- Phone: 1-800-555-0199
