

FlexiCoffee Pro Convertible Table

Product Overview

The FlexiCoffee Pro Convertible Table offers versatility and sophistication in one elegant design. Perfect for modern living spaces, its unique functionality allows it to transform from a traditional coffee table into a spacious dining surface. Crafted with a blend of solid wood and metal components, this table combines durability with aesthetic appeal. Key features include a hydraulic lift mechanism, adjustable height settings, and integrated storage for convenience.

Assembly Instructions

1. Unpack Your Product

2. Carefully remove all parts from the packaging. Ensure you have all components listed in the instruction sheet.

3. Assemble the Base

4. Connect the table legs using the provided screws and Allen wrench. Tighten all connections securely.

5. Attach the Tabletop

6. Position the tabletop on the base, aligning the pre-drilled holes. Secure with screws.

7. Install Hydraulic Lift Mechanism

8. Attach the hydraulic lift to the designated mounting points. Ensure the mechanism functions smoothly.

9. Final Adjustments

10. Adjust the height settings using the manual lever. Make sure all moving parts operate smoothly.

Usage Instructions

- **Standard Use:** Ideal for everyday use as a coffee table. Simply lower the height using the side lever.
- **Dining Mode:** Pull the lever to raise the table to dining height. Use this mode for gatherings or dinner parties.
- **Storage Use:** The table opens to reveal hidden storage. Lift the tabletop and secure it with the safety latch.

Maintenance Tips

- **Cleaning:** Wipe the surface with a damp cloth. Avoid harsh chemicals to maintain the finish.
- **Routine Check:** Regularly check screws and connections for tightness to ensure stability.

Safety Information

- Ensure the table is positioned on a flat, stable surface.
- Be cautious when operating the hydraulic lift. Keep hands clear of moving parts.

Troubleshooting

- **Wobbly table:** Check all screws and tighten where necessary.
- **Difficulty raising table:** Inspect the hydraulic mechanism for obstructions.
- **Scratches on surface:** Use a furniture polish suitable for wood to minimize visibility.
