

LumiConnect BrightBulb SL987 User Manual

Introduction

Welcome to the LumiConnect BrightBulb SL987, your gateway to intelligent lighting solutions. These smart light bulbs are designed to enhance your living space with customizable lighting via your smartphone or compatible voice assistants.

Product Features

- **Remote App Control:** Adjust your lighting from anywhere with the LumiConnect app.
- **Voice Assistant Compatibility:** Works seamlessly with Amazon Alexa, Google Assistant, and Siri.
- **Energy Efficient:** Consumes less energy while providing bright and vibrant light.
- **Customizable Lighting:** Choose from millions of colors and set the perfect ambiance.
- **Scheduling and Timers:** Automate your lighting to fit your lifestyle.

Setup Instructions

1. **Install the Bulbs:** Screw the smart bulbs into your preferred light fixtures.
2. **Download the App:** Find the LumiConnect app in your app store.
3. **Connect to Wi-Fi:** Open the app and follow instructions to connect your bulbs to the Wi-Fi network. Ensure your phone's Bluetooth is enabled.
4. **Pairing:** Enable pairing mode by turning the bulbs off and on three times, then follow the app instructions.

Using the Product

- **Adjust Brightness and Color:** Use the app's slider to set your desired brightness and choose colors from the color wheel.
- **Set Schedules:** Create daily schedules to have lights turn on or off automatically.
- **Voice Commands:** Use phrases like 'Turn on the living room lights' with your voice assistant.

Troubleshooting Guide

- **Bulbs Not Connecting:** Ensure Bluetooth and Wi-Fi are active. Reset the bulbs by switching them off for 10 seconds.
- **App Issues:** Uninstall and reinstall the LumiConnect app for a fresh start.
- **Wi-Fi Problems:** Confirm that bulbs are within range of the router; restart your router if needed.

FAQs

- **Q: Can I use these bulbs outdoors?** A: The SL987 is designed for indoor use only.
- **Q: How do I reset the bulbs?** A: Turn them off for 10 seconds and back on to initiate pairing mode.

Maintenance and Safety

- **Cleaning:** Use a dry cloth to keep the bulbs dust-free.
- **Safety:** Only install in fixtures that support smart bulbs and ensure they are well ventilated.
