

LumiFi Glow 3600 Documentation

Introduction

Welcome to the LumiFi Glow 3600, the ultimate smart lighting solution that brings sophistication and convenience to your home. This document provides detailed guidance on installation, usage, connectivity, troubleshooting, and more for your smart bulb.

Product Features

- **Wi-Fi Connectivity:** Connects to your 2.4 GHz Wi-Fi network for seamless control.
- **Smart Assistant Compatibility:** Works with Alexa, Google Home, and Apple HomeKit.
- **Adjustable Brightness & Color:** Choose from millions of colors and dimmable settings.
- **Energy Efficient:** Designed to reduce energy consumption without sacrificing performance.
- **Mobile App Control:** Use the LumiFi app available on iOS and Android devices.

Technical Specifications

- **Model Number:** LFG3600
- **Voltage:** AC 85-265V
- **Wattage:** 10W (equivalent to 60W incandescent)
- **Color Temperature:** 2700K-6500K
- **App Requirements:** iOS 12.0+ or Android 8.0+

Installation Guide

1. **Physical Installation:**
2. Ensure the power is off at the switch or circuit breaker.
3. Screw the LumiFi Glow 3600 into a standard E26/E27 socket.
4. Turn the power back on.
5. **App Setup:**

6. Download the LumiFi app from the App Store or Google Play.
7. Create an account or log into an existing account.
8. Follow the in-app instructions to add a new device.
9. **Connectivity:**
10. Ensure your smartphone is connected to a 2.4 GHz Wi-Fi network.
11. Place the bulb within 30 feet of the router for optimal connectivity.

Using Your Smart Bulb

- Open the LumiFi app to control the bulb's brightness and color.
- Use voice commands through Alexa, Google Home, or Siri once connected.
- Set schedules and timers via the app to automate lighting.
- Enable 'Away Mode' to simulate occupancy when you are not home.

Troubleshooting

- **Wi-Fi Connection Issues:**
 - Ensure you are on a 2.4 GHz network.
 - Reset the bulb by turning it off and on five times.
 - Check for interference from other devices.
- **App Errors:**
 - Restart your phone and try reinstalling the app.
- **Voice Control Issues:**
 - Ensure your smart assistant is linked to the LumiFi app.

Frequently Asked Questions

- **What is the lifespan of the bulb?** Up to 25,000 hours of usage.
- **Can I use the bulb outdoors?** It is designed for indoor use only unless used in an appropriate fixture.
- **Warranty Information:** Came with a 1-year limited warranty.

Safety & Compliance

- Ensure that the bulb is installed in a compatible socket to avoid overheating.
- Complies with CE, FCC, and RoHS standards.
