

Product Overview

The ModernGlow LED Desk Lamp is a state-of-the-art lighting solution designed to complement modern workplaces and home offices. Featuring a sleek and minimalist design, it combines aesthetics with functionality, offering an elegant touch to any desk space. Built with cutting-edge LED technology, it ensures energy efficiency and longevity, providing consistent and adjustable lighting to suit your needs.

Key Features

- **Energy-Efficient LED Lighting:** Consumes less power while providing ample light for reading, writing, or working on a computer.
- **Adaptive Brightness Settings:** Touch-sensitive panel allows easy adjustment of brightness levels to match your preference and reduce eye strain.
- **Flexible Neck Design:** The lamp's adjustable neck allows you to direct light where you need it, ensuring optimal illumination.
- **USB Charging Port:** Offers convenient charging for your devices.
- **Sleek Modern Aesthetics:** Its clean lines and subtle colors make it a perfect addition to contemporary decor.

Specifications

- **Dimensions:** 18 x 5 x 4 inches
- **Weight:** 2.5 lbs
- **Material:** Aluminum & ABS
- **Lumens Output:** 450 Lumens
- **Color Temperature:** 2700K - 6000K
- **Power Consumption:** 8W
- **Bulb Life Span:** 40,000 hours

Setup Instructions

1. **Unboxing:** Carefully remove the lamp parts from the packaging.
2. **Assembly:** Connect the lamp neck to the base by tightening the screw.
3. **Power Supply:** Plug the adapter into an electrical outlet, and attach the other end to the lamp.
4. **Activation:** Tap the touch-sensitive panel on the base to turn on and adjust brightness.

Usage Tips

- For optimal performance, place the lamp on a stable surface.
- Clean with a soft cloth to maintain its shine.
- Avoid positioning the lamp in direct sunlight to prevent discoloration.

Troubleshooting

- **Lamp Doesn't Turn On:** Ensure the power adapter is correctly plugged in. Check for any signs of damage to the cord.
- **Illumination Issues:** If the light flickers or dims unexpectedly, try adjusting the power connection or brightness settings.
- **Touch Panel Malfunction:** If unresponsive, disconnect the lamp for a few minutes and reconnect.

FAQs

- **How do I replace the LED bulb?** The LED is built-in and should not require replacement for its lifetime.
- **Is the lamp compatible with smart home devices?**
Currently, this lamp does not support smart home integration.
