

Serenity Teak Patio Set User Manual

Introduction

Welcome to the world of outdoor leisure with the Serenity Teak Patio Set. Designed with comfort and elegance in mind, this set transforms any outdoor space into a stylish retreat for family and friends. Crafted with sustainable teak wood, this durable set resists the elements, ensuring it remains a centerpiece in your garden for many years.

Specifications and Features

- **Material:** High-quality, sustainably sourced teak wood
- **Finish:** Weather-resistant with UV protection
- **Set Includes:**
 - 1 Table: 60" L x 40" W x 30" H
 - 4 Chairs: 18" L x 18" W x 35" H
 - Cushions: Water-repellent, removable covers
- **Weight:** 120 lbs total
- **Color:** Natural wood finish

Assembly Instructions

1. **Unpack all components** and lay them out on a clean surface.
2. **Attach the table legs:** Use the included wrench and screws to secure each leg to the table's underside.
3. **Assemble the chairs** by aligning the backrest with the seat and securing with screws.
4. **Check stability** by ensuring all screws are tightened securely.
5. **Place cushions** on each chair, fastening the ties as needed.

Usage Guidelines

- **Placement:** Ensure the set is placed on a level surface to prevent wobbling.
- **Care:** Wipe the wood with a damp cloth regularly; avoid harsh chemicals.

- **Storage:** During harsh weather, store cushions indoors.

Common Issues & Troubleshooting

- **Wobbly Table:** Confirm level ground and re-tighten screws regularly.
- **Uncomfortable Cushions:** Rotate cushions periodically to prevent wear, and consider additional padding if needed.

Customer Service

For assistance, contact BrownBox Customer Support: - Phone: 1-800-555-0199 - Email: support@brownbox.com - Warranty: Includes a 2-year manufacturer's warranty covering defects.

FAQs

- **Q: How do I maintain the teak wood?** A: Apply a teak protector annually to maintain color and prevent cracks.
- **Q: Can I leave the furniture outside all year?** A: It's recommended to cover or store it during extreme weather to extend its lifespan.
