

SkyVault Cloud Storage Documentation

Overview

SkyVault Cloud Storage is your reliable partner for secure and accessible digital file storage. Our service offers seamless synchronization, robust security, and intuitive file sharing, perfect for both personal and business needs.

Features and Benefits

- **Secure Login and Access:** Utilize advanced encryption protocols to protect your data.
- **Multi-device Synchronization:** Access your files anytime, anywhere, on any device.
- **Collaboration Tools:** Share and collaborate on documents with ease, enhancing productivity.

Account Setup

1. **Visit the SkyVault Website:** Navigate to www.skyvault.com and click 'Sign Up'.
2. **Enter Your Details:** Provide your name, email, and create a password.
3. **Verify Your Email:** Check your inbox for a verification link. If not received, check spam/junk folders.
4. **Set Security Preferences:** Choose security questions and set up two-factor authentication for added security.

Password Management

- **Resetting Your Password:**
 - Go to the login page and click 'Forgot Password?'.
 - Enter your registered email to receive a password reset link.
 - Check all email folders if the link does not appear immediately.
 - Follow the link to set a new password.

Data Management

- **Uploading Files:** Click 'Upload' and select files from your device.
- **Organizing Files:** Create folders to categorize and manage your documents easily.
- **Sharing Files:** Use the 'Share' function to send files with links or permissions.
- **Managing Storage Limits:** Monitor usage through the dashboard and explore upgrade options if needed.

Subscription and Billing

- **Viewing Invoices:** Access your account settings and select 'Billing'.
- **Managing Subscriptions:** Choose 'Subscription' to view or change your plan.
- **Invoice Issues:** If an invoice is missing, check spam/junk folders or request a resend through support.

Troubleshooting Common Issues

- **Email Not Received:** Verify correct email entry, check spam folders, or resend information from account settings.
- **Accessing Files:** Ensure stable internet connection and sufficient storage space.

Technical Support and Resources

- **Customer Support:** Contact us at support@skyvault.com or call 1-800-SKY-HELP.
- **Additional Resources:** Visit our help center for FAQs, tutorials, and community forums at www.skyvault.com/help.

Security Best Practices

- **Enable Two-Factor Authentication:** Enhance security by adding a second verification step.

- **Recognize Phishing Attempts:** SkyVault will never ask for your credentials directly. Report suspicious emails to phishing@skyvault.com.
