

Introduction

The SoundWave Elite Wireless Headphones offer a superior listening experience with state-of-the-art noise cancellation, extended battery life, and seamless Bluetooth connectivity. Perfect for music lovers and professionals on the go, these headphones blend style with functionality.

Unboxing and Setup

Upon unboxing, you'll find: - SoundWave Elite Wireless Headphones - USB-C Charging Cable - User Manual - Carrying Case

Initial Setup

1. Charging Your Headphones:

2. Connect the USB-C cable to the charging port located on the right earcup.
3. Plug the other end into any USB charging adapter or available USB port.
4. Full charge takes approximately 2.5 hours, providing up to 30 hours of playback time.

5. Power On:

6. Press and hold the power button for 2 seconds until you see the indicator light blink.

Bluetooth Pairing

For Mobile Devices: 1. Ensure Bluetooth is enabled on your device. 2. With the headphones turned off, press and hold the power button for 5 seconds until the LED flashes blue and red. 3. In your device's Bluetooth settings, select 'SoundWave Elite' from the available devices. 4. If prompted, enter '0000' as the pairing code.

For Computers: - Follow similar steps for either Windows or macOS, ensuring Bluetooth settings are open.

Using the Features

- **Noise Cancellation:**
- Toggle the noise cancellation feature by pressing the dedicated button on the left earcup.
- **Volume and Track Control:**
- Use the multifunction buttons on the right earcup to adjust volume and skip tracks.

Troubleshooting

- **If Unable to Pair:**
- Reset the headphones by holding the power button for 10 seconds until the LED flashes.
- Restart both the headphones and your device.
- **Sound Issues:**
- Ensure volume is not muted or turned down on your device.
- Disconnect other Bluetooth devices to eliminate interference.

FAQ

- **Can I connect to multiple devices?** Yes, SoundWave Elite supports multipoint connectivity.
- **How do I check the battery level?** An LED indicator on the right earcup will flash red when low on power.

Maintenance and Care

- Keep headphones in the carrying case when not in use.
- Clean ear cushions with a damp cloth as needed.

Support and Warranty
