

Product Overview

WaveStream UltraConnect is our latest high-speed home broadband service designed to provide a seamless internet experience with unparalleled speed and reliability. Offering a range of packages to suit every home, UltraConnect guarantees that you stay connected with consistent connectivity and wide coverage.

Key Features:

- Speeds up to 1 Gbps
- Unlimited data plans
- Dual-band Wi-Fi for extended range
- Easy-to-use mobile app for monitoring
- 24/7 customer support

Installation and Setup

Follow these steps to set up your WaveStream UltraConnect:

1. **Router Placement:** Choose a central location in your home to place your router. Avoid placing it near metal objects or in enclosed spaces.
2. **Connect the Router:** Use the provided cables to connect your router to a power outlet and the modem.
3. **Power On:** Turn on your router and wait until all indicator lights are stable.
4. **Network Configuration:** Use your computer or mobile device to connect to the default Wi-Fi network. Open a browser and follow the setup wizard to customize your network name and password.
5. **Test Connection:** Use the WaveStream Speed Test available on our app to ensure your connection is active and running at expected speeds.

User Guide

Managing Your Account

Log in to your WaveStream account through our website or app to manage billing, change plans, and view usage history.

Monitoring Data Usage

- Access the 'Usage' section in the WaveStream app to check daily, weekly, or monthly data usage.
- Enable notifications to get alerts when approaching data limits.

Parental Controls

Set up parental controls through the app by selecting 'Family Settings' and creating profiles for each family member.

Troubleshooting

Slow Connectivity

- **Check Physical Obstructions:** Ensure no physical barriers are near your router.
- **Router Reset:** Turn off the router for 30 seconds and restart.
- **Device Overload:** Disconnect any unnecessary devices from the network.

Billing Discrepancies

- Review your online billing statement in the 'My Account' section.
- Contact support if discrepancies persist more than one billing cycle.

FAQs

- **What is the cancellation policy?**
- You can cancel your service with a month's notice through your online account.

- **Can I upgrade my plan mid-cycle?**
- Yes, upgrades are processed within 24 hours upon request.
- **Is my area covered?**
- Check the coverage map on our website to see if UltraConnect is available in your area.

Customer Support

- **Contact Methods:**
- Phone: 1-800-WAVE-NET
- Chat: Available on our website
- Email: support@wavestream.com
- **Information to Prepare:**
- Account number
- Recent billing statement
- Device details

Terms and Conditions
